

# MANZANITA BEACH HOUSES

## Manzanita, Oregon

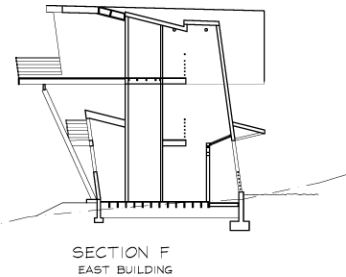

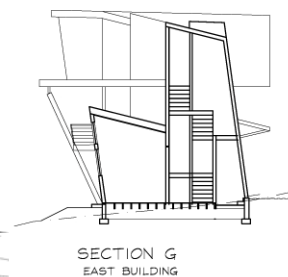

Located in Manzanita, a quaint resort town on the Oregon coast, the corner lot is zoned for a duplex. Located 3 blocks from the beach, and 5 blocks from “downtown”, the house is designed to read as 2 separate buildings, (although connected by a storage building). Living areas including the living room, kitchen, dining, and a large outdoor deck are located on the 3<sup>rd</sup> floor to take advantage of the high ocean views. The master bedroom suite occupies the second floor and includes a master bathroom with separate deck mounted tub and shower. The first floor contains 2 bedrooms, a bath, and a garage. A space for an elevator is included. Exterior walls angled towards the ocean provide interior spatial interest. The exterior materials are wood shingles also angles combined with wood stained siding. Large expanses of windows provide views to the south. A patio for each house is located at ground level.
