

# PERS OFFICE BUILDING

Tigard, Oregon

60,000 square foot office building located on a hilly site adjacent to the I-5 freeway. Parking was stepped on the hillside behind the building to provide an attractive street image. The building's "L" shape provided a semi enclosed public court at the entry, which was on the second floor. A two story lobby accessed a cafeteria and employees lounge with full height windows and outdoor terrace for smokers. Bruce Sternberg was project designer was employed by Fletcher Farr Ayotte Architects.
